

## Scenario-Based Security Training

### What is the LETS?

The Law Enforcement Training Simulator (LETS) offers valuable experience for your law enforcement or security personnel in proper firearms technique and use-of-force situations. The LETS program is an immersive experience that allows trainees to practice their skills and gauge their reactions to challenging conditions in a realistic, risk-free scenario.

### What is the training like?

Our LETS system is available via our mobile trailer or a portable training unit for classroom instruction. Either option will be brought to your location as part of the service. Our LETS specialist will then supervise the training, where attendees practice split-second decision making, de-escalation, and proper use of use-of-force skills.

### What does the training cost?

The LETS is available to members at no additional cost.

### Simulator Features

- Interactive Theater-Style Simulator Experience
- Over 500 Training Scenarios
- Equipped with a variety of fully functional (but safety modified) firearms, including:
  - M-4 Patrol rifle
  - Handguns: Glock 22 & Smith and Wesson M&P
  - OC spray
  - Taser X26 – X2

### LEARN MORE

We highly encourage members to take advantage of this training. For additional information or to schedule the LETS, please contact Janessa Wulf at: [jjohnson@choosclear.com](mailto:jjohnson@choosclear.com) or 800.407.2027 ext 4009.
